SCHOOL TRUSTEES ELECT TEACHERS FOR ENSUING YEAR

The Board of School Trustees, on May 31, concluded its selection of teachers in the Tonopah public schools to serve for the year 1912-1913.

Mr. Scott, principal of the High school during the past year and who had been re-elected to serve during the coming year, tendered his resignation, which was very reluctantly accepted by the board. Mr. Scott has given one year's efficient and successful service and has endeared himself to the pupils under him by the deep interest he took in the welfare of each individual scholar in his classes each one of who looked upon Mr. Scott as a chum and brother.

Mr. Scott leaves to take a more lucrative position in the northern part of the state, where his field will be larger and will give him greater prestige. The members of the board extended their heartfelt good wishes and warmest commendations to Mr. Scott, and feel partly compensated for the loss in the knowledge that Mr. Scott will still serve in the public schools of the state.

The faculty for the coming school year will consist of the following:

A. H. Yoder, superintendent.
Science and principal of high school, C. W. Smith.
Music and drawing, Miss Grace L. Kettleson.
Languages, Miss Florence Bray.
English, Miss Louise Pohl.
Sixth grade, Mrs. McKenzie.
Commercial department, C. N. Vallenecourt.

The following have been elected, to be assisted later: Mrs. Curieux, Miss Bradley, Miss Slavin, Miss Bennett, Miss Gertrude Wallace, Miss Hazel B. Taylor and Miss Evans.

A resolution had been previously adopted, compelling the following qualifications: All teachers must have Normal School certificates or certificates of equal merit, or must have Normal school certificates or

experience in teaching. Nevada teachers to be given preference in all cases. The boards elected only teachers possessing the above qualifications.

Mr. Yoder is elected for four years, in accordance with the new school laws, which contemplate this course in the case of superintendents after one year's service.

This is a wise provision in this law, as the High School course is laid out to cover four years' time, and will be conducive towards obtaining the best results.

The manual training and domestic science courses will be installed as soon as the new school building is ready for occupancy, as well as a kindergarten, which, for the time being has to be omitted owing to the lack of proper housing facilities.

The room in the new kindergarten will be spacious and comfortable and of easy access for the little tots.

Teachers for the latter three departments have not been selected, and will not be until the board knows for certain when the new building will be completed.

With the completion of the new building, and the very efficient staff of teachers, Tonopah will have a school system of which its citizens will have cause to be proud and will be on an equal footing with the best anywhere.

The plans and specifications will be rushed through as fast as possible, so as to enable the board to advertise for bids for the construction of the building, which will be rushed through with all possible speed.

Heating, lighting and ventilating system in the new building will be most modern and up to date.

Irving Macdonald, formerly head of the firm of Macdonald & Moran, has opened offices at No. 205 State Bank Building and is prepared to do surveying and patenting of mining claims, mapping and blue printing. Promoting and handling mining properties.

Mr. Macdonald is also connected with several large firms dealing in California lands. Call and get literature and information from him.

SCHOOL PLAY LAST EVENING WELL RENDERED

The play given by the high school students, at the Nevada theater, entitled "A Family Affair," was well presented and was appreciated by those who were fortunate enough to be present. The students took their parts well and deserve a great deal of credit for the manner in which they displayed their talent as theatricalists. Thursday evening a "Cantata" will be given by the seventh and eighth grades of the school. The costumes are new and gorgeous and those in charge of the affair have gone to considerable expense in order that the show will be a success. The price of admission will be: Adults, 25 cents; children, 10 cents. This is in reach of all and everyone should show their appreciation of the school by attending or purchasing tickets. The boys' brass band will discourse several pieces of their music.
